nurses/midwives/nurse associates/allied health professionals/healthcare scientists who are:

- Newly qualified up to 12 months in practice
- Internationally recruited after joining the UK register
- Return to practice with updated registration

HOW LONG IS THIS PROGRAMME FOR?

12-month support with 6 sessions spaced out over the course of the year (months 1, 2, 3, 6, 9, and 12)

Blended learning experience: face-to-face workshops, workplace learning, pastoral support, coaching from senior staff members.

Please take note of the following important information regarding your programme:

1. Attendance on all study days within your assigned cohort is mandatory, and submitting a completed handbook is also a requirement to successfully complete the programme.
2. Although slide notes will be provided to you, it is not possible to accommodate any make-up sessions.
