

REACH

Remote Emergency Access Coordination Hub

OPEN

8am

to

7.50pm

Mon-Sun

Barts Health
NHS Trust

For unexpected medical emergencies or events at Mile End, the REACH team can assist with assessing the patient and direction to the most appropriate emergency or community care.

The Remote Emergency Access Coordination Hub (REACH) is a service that provides clinical advice, assessment and access to alternative care pathways, including the Physician Response Unit (PRU).

The PRU is able to provide emergency assessment by a senior (ST4+) Emergency Medicine clinician in the community, undertake specific diagnostic tests and deliver key therapeutic interventions.

Exclusions below- Call (9)999 in event of any of the below

- Unconscious / not breathing
- FAST positive
- Actively vomiting (unable to get in a taxi)
- Crushing chest pain with associated SOB/sweating/feeling of impending doom

Call REACH on **0203 137 5604**

**If no answer, then call RLH Consultant
in Charge (CIC) on 0203 594 5722**
